BAKER, La (NBC33) - Troubled youth in Baker now have a better facility for treatment.

The Jetson youth center has been revamped.

Three years ago, the Jetson youth center was overcrowded with almost 200 young offenders.

Now, it only has 73 youth.

Each of the youth are going to classes, talking about their problems in group sessions, all part of their rehabilitation.

Teachers at Jetson feel the kids learn so many useful things to make them better members of society.
